NOTES

MEMBERSHIP SUBSCRIPTIONS

1. The basic subscription is exclusive of periodicals.
2. The subscription is not payable by a member who:
 - (i) is an Honorary Member; or
 - (ii) has paid annual subscriptions for not less than 35 years; or
 - (iii) is a representative nominated by an Institutional Member.

If you claim free basic subscription please indicate the reason clearly on the attached subscription form.

Concessions are available to members who have returned to full-time education, are on a career break or in part-time working, or are unemployed or otherwise in hardship. Contact membership@lms.ac.uk to enquire further.

PAYMENTS

Direct Debit Payments

Bank accounts of members paying by **direct debit** will be debited with the appropriate amount on **8 November 2012**. Members should note the change of date from previous years when payments were debited in the January. This is to bring the payment schedule in line with the membership year.

Payments by other methods

Members who do not currently pay by direct debit should enclose a cheque (£ sterling or US\$) with their form. It is also possible to pay by credit/debit card.

The Society would encourage members to pay by direct debit. Any member who holds a UK bank account and who wishes to take advantage of this convenient form of payment can download a Direct Debit mandate at: **www.lms.ac.uk/contact/DDform.pdf**, or request one from the Membership Department (email: membership@lms.ac.uk, phone: 020 7291 9973).

LMS HANDBOOK AND LIST OF MEMBERS 2013

The Society will be publishing a new edition of the LMS Handbook and List of Members in 2013 for all members. The LMS Handbook will contain details of the Society's activities including publications, grants and committees. For those members who have granted permission the Handbook will also contain a List of Members, including such information as members' names, degrees, contact details, year of election, Society distinctions, Society service and fields of interest.

The LMS Handbook and List of Members 2013 will be available in print (*for members only*) and online via the LMS website (*accessible by the general public*). The Society requests permission from all members to include their details and members are asked to grant such permission using the renewal form.

LMS PUBLICATIONS

Journal Subscription Rates

The 2013 Journal Volumes covered by the prices are listed on the attached form. Members now have the choice of taking an electronic subscription to the *Bulletin*, *Journal* or *Proceedings* of the LMS at a discount of 20% on the standard price for a print subscription. Alternatively, members may receive both the print and electronic versions for an additional 20% above the price of the print subscription. Once your order for an electronic version has been processed by the LMS, your email address will be passed on to Oxford University Press who will contact you with details on how to access the journals.

4. The LMS has a pricing structure that allows individual members to purchase the *Bulletin*, *Journal* and *Proceedings* of the LMS and *Nonlinearity*, for personal use only, at a substantial discount. In common with other mathematical societies, the Society regards a subscription as for personal use only if:

- (a) issues are either destroyed or held on a continuing basis among the member's personal belongings, and are not deposited even temporarily in a library, common room or other public room, and
- (b) issues are accessible to other mathematicians (or to students) only with the member's permission, given individually in each case, and
- (c) electronic subscriptions are only for personal use and may not be made accessible to other mathematicians.

5. Issues are the personal property of members, who would be able, without negotiation with authorities, to take the issues with them if they left their present institution or to give them to another individual who is willing to abide by these terms.

The Society reserves the right to discontinue the supply of periodicals to members whose subscriptions remain unpaid by *8 December 2012* (where the subscription arrives after 8 December, then back issues will be supplied but with some delay).

OTHER PUBLICATIONS AND DISCOUNTS AVAILABLE TO INDIVIDUAL MEMBERS

6. The Society is associated with the publication of four book series: the LMS Student Texts, LMS Lecture Note Series (Cambridge University Press), LMS Monographs (Princeton University Press and, for books published prior to 2004, Oxford University Press) and the joint AMS/LMS History of Mathematics Series. All these publications are available at a discount to individual members on orders placed direct with the publisher.

For further details on the publications of the LMS, please refer to the annual publications catalogue and the web pages at **www.lms.ac.uk/publications**

7. Individual members are entitled to a discount on subscriptions to the following journals (members should contact the organisations directly):

- *Journal of Applied Probability*: **www.appliedprobability.org**
- *Proceedings of the Cambridge Philosophical Society*:
www.dpmms.cam.ac.uk/mpcps
- *Glasgow Mathematical Journal*: **ww.gla.ac.uk/departments/mathematics/gmj**

8. Members of the European Mathematical Society (but only members) may also subscribe to the *Journal of the European Mathematical Society (JEMS)*.

DONATIONS

9. If you would like to make a donation to the Society, please use the attached form. As a registered charity, the Society can reclaim the tax on your donation (an extra 25p for each £1) if you are a UK taxpayer.
