#### LMS MEMBERSHIP SUBSCRIPTIONS 2017/18

September 17

## Dear LMS Member,

Thank you for your ongoing support of the London Mathematical Society through your continuing membership. I write to remind you that subscriptions, including payments for periodicals for personal use, for the session November 2017–October 2018 **become due on 1 November 2017**, and should be paid **no later than 1 December 2017** (except for Direct Debits, see below).

## Access to your membership record online

Members can now access their own records online by logging on to the Society's website: <a href="https://www.lms.ac.uk/user">www.lms.ac.uk/user</a> and clicking on the "My LMS Membership" tab. The tab contains the relevant information about a member as held by the Society, including contact details and information about their membership and, where applicable, journal subscriptions. Members are encouraged to check this information carefully and make any changes, as necessary. Queries should be directed to <a href="mailto:membership@lms.ac.uk">membership@lms.ac.uk</a>, 020 7291 9973.

#### Membership Benefits

We are pleased to remind you that your annual subscription entitles you to a range of benefits; use of the Verblunsky Members' Room at De Morgan House, use of the Society's Library at UCL, regular *Newsletters* and e-Updates, networking opportunities and membership of a vibrant international society, among many others including the discounts and free online access to journals, as mentioned below.

#### Paying your subscription:

- Direct Debit Payments: The Society encourages members to pay by direct debit. Any member who holds a UK bank account and who wishes to take advantage of this convenient form of payment can set up a direct debit with the Society via GoCardless.com by logging in to their member record or contact the Membership Department for advice (email: membership@lms.ac.uk, telephone: 020 7291 9973).
- Payments by Cheque: The Society also accepts payment by cheque either in GBP or USD.
- Payments by Credit/Debit Card: The Society accepts payment by credit/debit card online <u>only</u> via its website and uses WorldPay as its card payment provider.

# Journal Subscription Rates

- To subscribe to the 2018 Journal Volumes, please see the information on the attached form.
- Members can have a free electronic subscription to the Bulletin, Journal, and Proceedings of the LMS and/or Nonlinearity for personal use only. Members must indicate their choice either on their online membership record or on the attached form.
- Please note it is essential the Society is given a current email address if you wish to subscribe to electronic access of any of the above journals.
- o If you take a free electronic subscription to the Bulletin, Journal, and/or Proceedings of the LMS, your email address will be passed to Wiley who will administer access to these journals.
- o If you take a free electronic subscription to *the Nonlinearity*, your email address will be passed to the Institute of Physics who will contact you with details on how to access the journals.

#### **Donations**

Finally, would you consider making a donation to the London Mathematical Society? In making a donation - which you can do using the attached form - you would be following in a tradition established by G.H. Hardy and others. Your donation will be used to help the Society continue to achieve its objectives, including its **current five key priorities**: Postdoctoral Mobility Grants, Postgraduate Research Schools, Undergraduate Research Bursaries, Undergraduate Summer Schools and Continuing Professional Development for Mathematics schoolteachers.

Yours sincerely

Robert J. Curtis.

**Professor Robert Curtis, Treasurer.** 

## NOTES

#### **SUBSCRIPTIONS**

- 1. The basic subscription is exclusive of periodicals.
- 2. The subscription is not payable by a member who:
- (i) is an Honorary Member; or
- (ii) has paid annual subscriptions for not less than 35 years; or
- (iii) is a representative nominated by an Institutional Member.

If you claim free basic subscription please indicate the reason clearly on the subscription form.

**3.** Concessions are available to members who have returned to full-time education, are on a career break or in part-time working, or are unemployed or otherwise in hardship. Contact <a href="mailto:membership@lms.ac.uk">membership@lms.ac.uk</a> to enquire further.

## LMS PUBLICATIONS FOR MEMBERS

- **4.** The membership benefits also allow individual members to sign up for access to the *Bulletin*, *Journal*, *Proceedings of the LMS* and *Nonlinearity* online, free of charge. From 1 January 2018, discounted print copies are made available only to current print-and-online member subscribers for their personal use only.
- > Subscriptions to *Bulletin*, *Journal* and *Proceedings* of the LMS are administered by Wiley.
- > Subscriptions to *Nonlinearity* are administered by the Institute of Physics.

In common with other mathematical societies, the Society regards a subscription as for personal use only if:

- **a.** printed issues are accessible to other mathematicians (or to students) only with the member's permission, given individually in each case, and
- **b.** electronic subscriptions are only for personal use and are not to be shared with other mathematicians.
- **5.** The Society reserves the right to discontinue the supply of free online access to these journals to members whose subscriptions remain unpaid by *1 December 2017* (where the subscription arrives after 1 December, free online access will be supplied but with some delay).

# OTHER PUBLICATIONS AND DISCOUNTS AVAILABLE TO INDIVIDUAL MEMBERS

- **6.** The Society is associated with the publication of three book series:
- the LMS Student Texts (Cambridge University Press),
- LMS Lecture Note Series (Cambridge University Press),
- LMS Monographs (Princeton University Press and, for books published before 2004, Oxford University Press).
- History of Mathematics Series (American Mathematical Society).

All these publications are available at a discount to individual members on orders placed direct with the publisher. For further details on the publications of the LMS, please refer to the annual publications catalogue and the web pages at <a href="https://www.lms.ac.uk/publications">www.lms.ac.uk/publications</a>

- **7.** Individual members are entitled to a discount on subscriptions to the following journals (members should contact the organisations directly):
- Proceedings of the Cambridge Philosophical Society: <a href="www.dpmms.cam.ac.uk/mpcps">www.dpmms.cam.ac.uk/mpcps</a>
- Glasgow Mathematical Journal: www.gla.ac.uk/departments/mathematics/gmj
- **8. New for 2018:** LMS Members are entitled to a discount on subscriptions to printed issues of *Significance*; the official magazine of the Royal Statistical Society and the American Statistical Association. There will be 6 issues in 2018.
  - Subscriptions to Significance are administered by Wiley.
- **9.** Members of the European Mathematical Society may also subscribe via the LMS to the *Journal of the European Mathematical Society* (JEMS). There will be 12 issues in 2018.
  - > Subscriptions to Journal of the European Mathematical Society are administered by the EMS.

## MEMBERSHIP SUBSCRIPTIONS TO OTHER MATHEMATICAL SOCIETIES

- **10.** Individual members can subscribe to the European Mathematical Society (EMS), at a discount, when renewing their LMS membership: <a href="http://www.euro-math-soc.eu">http://www.euro-math-soc.eu</a>
- **11.** Members of European Women in Mathematics (EWM) can pay their EWM fees when renewing their LMS membership. To join the EWM, please visit: <a href="http://www.europeanwomeninmaths.org">http://www.europeanwomeninmaths.org</a>

# **DONATIONS**

**12.** If you would like to make a donation to the Society, please use the attached form. As a registered charity, the Society can reclaim the tax on your donation (an extra 25p for each £1) if you are a UK taxpayer at no extra cost to you.
